PROFESSIONAL SUMMARY

Results-driven **FP&A and Financial Analyst** and Part-Qualified ACCA professional with an MSc in Accounting & Finance (Merit, 2025) and 2+ years of hands-on experience in commercial finance. Proven track record in variance analysis, financial modelling, month-end/year-end close, and business partnering. Demonstrated ability to deliver 98% transaction accuracy and drive 80% increases in process productivity. Adept at translating complex financial and operational data into actionable insights for senior management using advanced Excel and ERP systems (SAP, Xero). Actively seeking an FP&A Analyst / Commercial Finance Analyst role to leverage robust analytical capabilities to support strategic business decision-making.

CORE COMPETENCIES & TECHNICAL SKILLS

- **Financial Planning & Analysis (FP&A):** Variance Analysis, Budgeting, Forecasting, Cash Flow Management.
- **Accounting & Controllanship:** Month-End / Year-End Close, Reconciliations, Financial Controls, IFRS / UK GAAP.
- **Commercial Finance:** Business Partnering, Stakeholder Management, Scenario Modeling, Investment Appraisal (DCF).
- **Systems & IT:** Advanced MS Excel (Index/Match, Macros, Pivot Tables), SAP, Xero, S&P Capital IQ, Data Visualization (Power BI).

PROFESSIONAL EXPERIENCE

Finance & Operations Support (Team Lead) *Cerealto* | Sheffield, UK | Sep 2025 – Present

- Conducted daily and weekly **variance analysis** on production waste and expenditure data, proactively identifying cost anomalies and presenting actionable findings directly to senior management to optimise operational spend.
- Spearheaded real-time reporting of operational KPIs and staffing metrics, developing structured management handover dashboards utilized across a dynamic 24/7 manufacturing operation.
- Managed accurate staffing data and shift transitions for 80+ personnel, dynamically reallocating resources to ensure 100% operational uptime while strictly adhering to budget constraints.

- Demonstrated robust **business partnering** by collaborating cross-functionally with multilingual operations teams, effectively bridging the gap between operational realities and financial reporting controls.

Financial Analyst Nroad (Linedata) | Pune, India | Sep 2020 – Aug 2022

- Executed comprehensive **month-end and year-end close** processes, managing and reconciling 200+ monthly financial transactions while establishing and maintaining a verified 98% accuracy baseline.
 - Authored and distributed robust management reports, working closely with internal stakeholders to drive deep-dive variance analysis between budgeted estimates and actual performance.
 - Led the successful implementation of system enhancements that automated data extraction and reconciliation workflows, catapulting analyst productivity by 80%.
 - Performed rigorous cash flow reviews, balance sheet reconciliations, and swift transaction discrepancy resolutions, guaranteeing timely and accurate client portfolio settlements.
 - Partnered directly with technical and client-facing business units to troubleshoot and resolve systemic financial issues, significantly improving monthly reporting turnaround times.
-
